- 12 Days: 28,000N
- 16 Days: 32,000N
- 21 Days: 40,000N

#### **Standard:**

- Base: 100,000N
- 6 Days: 115,000N
- 12 Days: 140,000N
- 16 Days: 160,000N
- 21 Days: 200,000N

#### **Premium:**

- Base: 600,000N
- 6 Days: 690,000N
- 12 Days: 840,000N
- 16 Days: 960,000N
- 21 Days: 1,200,000N

#### **Platform Rates:**

1 EWT = 1 NAIRA  
1 USDT = 1750 NAIRA

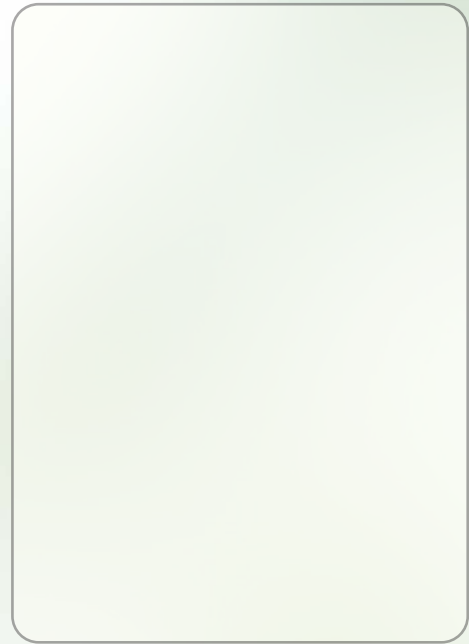

### 3. Technical Architecture

#### 3.1 Platform Infrastructure

Solana blockchain integration for high-speed processing  
65,000+ transactions per second  
Sub-second finality  
Advanced smart contract security  
Cross-chain compatibility for future expansion

#### 3.2 Security Features

Multi-signature escrow system  
Real-time fraud detection  
Automated compliance checks  
Community-driven dispute resolution  
24/7 monitoring systems

### 4. EWC Token Utility

#### 4.1 Platform Benefits

Reduced platform fees  
Priority auction access  
Enhanced features unlock  
Community rewards program participation  
Governance rights

#### 4.2 Community Engagement

Participation rewards  
Community event access  
Special feature testing  
Platform development input  
Exclusive community channels

#### 4.3 Trading Benefits

Priority bidding  
Advanced trading tools  
Extended auction times  
Multiple auction participation  
Premium market data

## 5. Community Governance

### 5.1 Participation Rights

- Feature proposal submission
- Platform improvement voting
- Community treasury input
- Development priority setting
- Rule modification proposals

### 5.2 Community Programs

- Content creation rewards
- Community moderation roles
- Ambassador program
- Educational initiatives
- Local community building

## Our Roadmap

### Q4 2024

- P2P auction platform launch
- Nigerian market entry
- Core community building
- Basic auction functionality
- Security implementation

### Q2 2025

- Platform utility expansion
- International market entry
- Advanced trading tools
- Community governance activation
- Enhanced security features

### Q1 2025

- Advanced analytics rollout
- Strategic partnerships
- Enhanced auction features
- Mobile platform launch
- Community program expansion
- 

### Q3-Q4 2025

- Multi-token support
- Advanced platform features
- NFT marketplace integration
- Cross-chain functionality
- Global ecosystem expansion

## 7. Conclusion

EWC represents a revolutionary approach to digital asset trading, creating an inclusive, community-driven platform that enables financial freedom and dream actualization through innovative technology and fair market practices.

Our commitment to community empowerment, transparent operations, and technological innovation positions EWC as a leading platform in the evolving digital economy landscape. Join us in building a connected digital economy that empowers communities and creates sustainable opportunities through decentralized trading.
